CHANGE IN THE NEWSLETTER: Effective October the newsletter will be produced and released on an as needed basis opposed to the first of the month. Upon a newsletter release, a code red message will go out advising a newsletter or other important information item has been posted, and for team members to go to the ECIMT website to view. The newsletter will not be directly emailed in the future. As we approach the 3 year anniversary of the ECIMT to date we have produced 36 newsletters, all of which are archived on the team website. www.ecimt.info
