January 4th-10th -Colorado Wildfire and Incident Management Academy . For any team member who has not already taken the CGT3 – Command and General Staff Type III course, this is the best time to do it. Also, for any of the emergency managers on the team the academy is now offering the EMI Advanced Professional Series.
Go to www.cwfima.com to register.

Tentatively Late January- Point of Dispensing Training, with Colorado Teams 1 and 2. This training will be held in Jeffco and will be conducted by the Texas State IMTs.

SPECIAL PROJECTS / MISSIONS

2009/2010 H1N1 North Central Region POD Complex – This mission is currently underway in the planning phase only (Manns and Doyon are currently on a resource order). This will be a potential callout of 4-6 team members for a vaccination clinic in the Denver metro area in the coming months (300,000 doses in 12 hours at 7 locations)

2010 Governors Conference on Emergency Management- delegation has been signed for team support.

2010 CAX (Combined Agency Exercise)- Slated for October 2010. An exercise design team is being assembled for this which will be headed by US Army exercise operators from the Washington D.C. area. The exercise profile currently is for a 72 hour straight evolution involving about 20 agencies and the states of Colorado, Nebraska and Wyoming.

2010 AHIMT Training and Exercise Conference- ECIMT IC and Coordinator attended meetings in Houston to bring the 2010 AHIMT Training and Exercise conference to Denver. Colorado is the frontrunner to host this national event of 80 plus teams and around 500 participants. **We will keep you all posted as this develops.**

ADMINISTRATION

Monthly Availability Roster- Team was roughly 50 percent available, with 25 percent unaccounted for
(this needs to improve)

Department of Agriculture – The press release reference our MOU with the department of agriculture has been signed and is posted to the team website.

ECIMT Mission
Provide commitment to all-hazards incident management and achieve excellence in training and response
